The wark of the nurse in the public of

Lee J. L'Homme post, American Le-Lee J. L'Hamme pest, American Legion, of Danielson, is one of only thirteen posts in Connecticut that have sent to state headquarters contributions for the decoration of the graves of American soldiers in France. National headquarters reports that less than \$4,000 for this purpose has been received from throughout the entire country. It is therefore with particular pride that members of the local post are listed among those who have not forgotter those who rest over there.

Danielson is one eastern Connecticut town that has practically no supply of coal on hand. The cord wood sumply of coal on hand. The cord wood sumply is Killingly received attention at the time.

those who rest over there.

Danielson is one eastern Connecticut form, for removing reseased tonsils, town that has practically no supply of coal on hand. The cord wood supply is also short and the prices on this commodity are being boosted on the basis of all the traffic will bear. People who must have fuel will have to pay the wood prices now being asked, as coal is not available. So sarlous is the fuel of the fuel of the school, 548 on the school of the scho short available. So serious is the fuel shortage in this territory that some mills are finding it difficult to keep in operation. All of which is another argument for a five day week in the mines and six hours for each day.
